Hi my name is Nina Mofrad I was an actor in Hollywood who was unionized and have a lot of theatrical experience with Royal Shakespeares company as well as scene work. I decided to fully commit to acting and get back into the industry because this is where my heart belongs. I currently work with Ivana Chubbuck and her daughter Clair for improvement on my acting scenes to re enter the industry. I took a short leave for a few years because of personal reasons. However, I am a well equipped actor who is eager to get back out there and work hard for a dream. **Id love an entrance audition to prove I am well equipped to join your agency because I keep hearing nothing but wonderful things.** I am specifically Looking for a TV and Film agent because I currently have a commercial agent.

I have attached a file with all my information through my Casting Network profile. Hope to hear back soon. Cheers :)
